

Students of **NC State University** – Please join us for an Information Session to learn more about Victaulic a global company who is a certified manufacturer of mechanical pipe-joining products - couplings, fittings, and valves in excess of 4,000 employees worldwide. We welcome all students along with International Students who want to graduate from **NC State University** and return to their country of origin from Europe, China, Mexico, and Poland for a permanent position.

Information Session:

Date - 10/5/09

Time - 6:00 – 7:30 pm

Location – Riddick Hall, Room 339

We will also be on campus for the **Engineering Career Fair on 10/6/09 in the McKimmon Center, from 9:30 am – 4 pm.**

We look forward to seeing you!

Founded in 1925 and based in Easton, PA, the Victaulic Company is the world's leading ISO 9001 certified manufacturer of mechanical pipe-joining products - couplings, fittings, and valves in excess of 4,000 employees worldwide.

Sales Territory Manager

Sales Territory Managers will receive 2 months of in-depth training at the corporate headquarters to understand the whole sales cycle. The training will include a combination of classroom instruction, exposure to several key sales support departments, and job shadowing with experienced Victaulic Sales Territory Managers. After successful completion of the training, trainees will be given the opportunity to manage their own territory and promote the Victaulic mechanical piping system concept.

Compensation consists of a competitive base salary, incentive compensation, company automobile, and a comprehensive benefit package.

Engineering Rotational Program

The engineering rotation program at Victaulic is open to university students who have completed a bachelor's degree in engineering. Trainees will be assigned one year training rotations in different areas of the company including foundry engineering, manufacturing engineering, supply chain, manufacturing operations, or facilities engineering. Upon completion of the training program, trainees are permanently assigned to a position that best matches his/her career interests and strengths. Trainees benefit from gaining wide exposure to company operations during the first 3-5 years of their career, which sets the stage for a wide variety of potential career paths. Candidates must be willing to accept international rotation assignments as required.

Supply Chain Rotation Program

This program is open to university students graduating with a degree in supply chain. During the course of the training program, trainees will participate in 4-6 month rotations in various supply chain areas including strategic sourcing, tactical purchasing, logistics/traffic management, supplier quality, global planning, and production scheduling. Upon completion of the training program, trainees are permanently assigned to an area of supply chain that coincides with their career interests and strengths. Graduates of this program will receive broad exposure to supply chain operations within the first 2 years of their career.

Accounting/ Finance Rotation Program

Entry level openings exist in the Accounting / Finance Training Program. This program consists of rotational assignments in several different finance related departments such as General Accounting, Treasury, Cost Accounting, Financial Reporting and Forecasting, International Accounting and Accounts Receivable/Collections. While working in the assigned areas, the trainees will be gaining a wide range of skills and knowledge and an opportunity to gain a broad perspective of core business functions. The trainee program is designed to be a starting point for future Financial Managers within our growing global company.

Internship Program

Victaulic offers summer internships in various engineering and business disciplines that create a platform for your professional growth and development and provide a head start on building your career. You will benefit from supervised and comprehensive on-the-job training, and be encouraged to contribute fresh ideas in an environment that encourages participation and imagination.
