Overall dimensions, thickness, material:

What about this part cannot be machined in the shop?

Date Part Submitted: _____

Date Part Requested: _____

(Minimum of 5 business days from date of submission)

Advisor Approval/Signature: _____

Submittal Instructions

Submit the following files via email to: MAE416waterjet@gmail.com:

- PDF version of part with dimensions. *(for TA reference while machining)*
- .dxf drawing *(only include lines to be cut, no dimensions, no formatting or border)*
- This form, filled out & signed by your advisor.

Submit this form and required documents electronically to MAE416waterjet@gmail.com. A TA will be in contact with you to discuss the part, whether or not it will be approved, and part file conformity. Please bring material to room 1203.

For questions regarding this form or required file types, please stop by the shop in person.

This form can be found online at: mae.ncsu.edu/mymae/ under 'Requests'
