

Marc Kniskern is a distinguished member of the technical staff at Sandia National Laboratories and a fellow of the American Institute of Aeronautics and Astronautics. Marc received his Bachelor's and Master's degrees in aerospace engineering from NCSU in 1988 and 1990, respectively. Marc has worked at Sandia for over 30 years and he is recognized expert in applied aerodynamics, flight mechanics, and flight safety. Throughout his career, Marc had a significant national impact on the development of several advanced and exploratory flight systems.
